The Wellspring Baby Bottle fundraiser has begun. Baby bottles available in the foyer can be taken home for you to fill with your spare change, cash, or a check. Return the baby bottle to the church by February 7th. Wellspring Pregnancy & Health Center offers pro-life pregnancy, parenting and sexual health resources to our community. Your donations stay local to help them offer pro-life support to the Hastings area.

If you've recently moved, changed your email, or changed your phone number, please let the church office know so we can update our records.

Playground Project Fundraiser Opportunity – It has long been the desire of the church to provide a playground that facilitates play together for special needs and mainstream children. We have formally kicked off the fundraising for this project. We would love to have all funds in before March 15 so that we can get to work ASAP in the spring. The price tag reflects our commitment to having the playground be inclusive. We seek to raise \$100,000 to make the dream a reality. We would like to personally challenge each family to consider giving to this project, perhaps as an end of the year family project. We will receive some grants and business gifts, but the majority of the cost will come from right here. Will you consider investing in playground as evangelism? Will you consider giving towards a safe place for kids to play and conversations to happen? You can give through traditional means with playground on the memo line. You can also give through the church website where from a drop down list you can choose playground.
